INTRODUCTION

PRICING

All pricing shown in this brochure is correct at the time of printing but may be subject to change.

SUPPLYING YOUR OWN COFFIN

At Heritage & Heritage Funerals all of our coffins and caskets, with the exception of Batesville Caskets, are Australian made and manufactured. It is important to us to ensure we only provide products which have been crafted with care and are of the utmost quality, therefore we do not allow families to source and supply coffins from other suppliers.

CUSTOM SIZE COFFINS OR CASKETS

Many of our Coffins and Caskets can be provided in a custom size at an additional cost.

CUSTOMISATION

For a more personalised touch there are many options available for customising coffins including custom colour coffins, vinyl wrapped coffins or family decorated coffins. For more information including pricing please contact our office on 03 9800 3000.

COFFINS & CASKETS - WHAT IS THE DIFFERENCE?

Caskets

Caskets are rectangular or straight edged in shape. They have a hinged lid and swing clasps to secure the lid. They are larger in size and more intricate in the detailing on the inside of the lid, which is often something that can be desired at the time of service or viewing.

Coffins

Coffins are tapered at the shoulder and foot. The lid is completely removable and predominantly thumb screws are used to secure the lid. Coffins are generally smaller in size than a casket.
